

## Farm Burglaries

Just after midnight on the 3rd January 2024 a farm on the outskirts of Bodmin was attacked whereby a lock was snapped on the gated surroundings to the yard.

A ride on Lawnmower was stolen along with the trailer which it was located upon.

Police were alerted, and offenders were located travelling up the M5 motorway towards Bristol with the stolen items. Persons were arrested and the lawnmower and trailer were recovered.

We are now working together with Avon and Somerset to reconcile the stolen items with the owner.
