

Bodmin Neighbourhood Team Results

Yesterday as part of OP LOKI Bodmin Neighbourhood Team conducted targeted patrols with our Protect and Disrupt Team.

PDT work in partnership with local neighbourhood teams as part of a problem solving package for ongoing issues in the community.

During these patrols the PDT witnessed a drug deal! This resulted in a short foot chase 🏃

He was arrested and his property searched with more drugs located!

The team also arrested a High Risk Domestic suspect who was wanted.
