

Misuse of Drugs Act warrants

Over the last two days, we have completed two Misuse of Drugs Act warrants - one property in Bodmin and one in Wadebridge. Both warrants were positive with drugs found and a knife was also surrendered and submitted for destruction.

If you have any information which may assist us in tackling these issues, please get in touch. We need your help to report what you see happening - it's this information that will form the basis of future warrant applications.
