

St Breward Community Speedwatch

St Breward Community Speedwatch (CSW) were out monitoring the speed of traffic in St Breward on the morning of Thursday 17th April 2025. The trained Police Volunteers used a speed gun to monitor the speeds of the vehicles driving through the village.

Community Speedwatch is a proven policing method of reducing the speed of traffic through towns and villages. Devon and Cornwall Police are working to increase the number of such schemes. Further information is available on the website [Community Speedwatch Online](https://www.devonandcornwall.pnn.police.uk/community-speedwatch) or from PCSO Mike DODD, Bodmin Police Station 30665@devonandcornwall.pnn.police.uk
